Elworthy Cottage Introductions

I have limited stocks available of the following plants which were found as seedlings in the garden here:-

- Centaurea 'Elworthy Glacier'
(New cv name 2010) - Large pale blue cornflowers with a hint of pink. Dark centre. 1ft. Summer.
- Galanthus 'Elworthy Bumble Bee' (niv)
(new cv name 2005) - An early double with well rounded flowers and swept back outers.
- Geranium 'Elworthy Dusky'
(new cv. name 1997) - A very pretty dusky pink seedling from G.Brookside, 30cm. Summer. (Not available this year)
- Geranium 'Elworthy Eyecatcher'
(new cv name 2001) - A seedling found on the nursery (possibly endressii x wallichianum). Many large, eye-catching, deep pink fls over a long season. 18". June - November.
- Geranium 'Elworthy Tiger'
(new cv name 2006) - Large blue flowers with darker veins. 6". Summer.
- Geranium nodosum 'Blueberry Ice'
(new cv name 2011) - Dark purple fls with frosted white edges to petals. Glossy leaves. 1ft. Summer - autumn. Sun or shade.
- Geranium x ox. 'Elworthy Misty'
(new cv. name 1998) - A chance seedling of G x ox. 'Walter's Gift'. The same wonderful brown blotched foliage but deep pink flowers. Evergreen. 1ft. Early summer - late autumn.
- Geranium 'Vectis'
(New cv name 2012) - Originated in the garden of a friend on the Isle of Wight. Renardii type leaves and grey-blue fls.
- Geum 'Elworthy Amber'
(new cv name 2010) - Nodding heads of amber flowers in dark red calyces. Spring - summer. 9" - 12".
- Geum 'Elworthy Coppernob'
(new cv name 2017) - Nodding bronze-yellow flowers with dark calyces. Spring - summer. 9" - 12".
- Leucanthemum 'Elworthy Sparkler'
(new cv. name 2004) - Cream buds opening to large creamy-white fls eventually turning white. Sturdy and upright. 3 - 4ft. Late summer - early autumn.
- Monarda Elworthy
(new cv name 2006) - Purple flowers with paler stripe on stocky, robust plant. 12 - 18". Summer - autumn. Good perennial habit
- Polemonium 'Elworthy Amethyst'
(new cv. name 1996) - Rich purple flowers over a long season. Vigorous, 2½ft. Summer - autumn.
- Pulmonaria 'Elworthy Rubies'
(new cv. name 1998) - Salmon-red flowers. Long, spotted leaves. Tall, robust and vigorous. 1ft. One of the earliest to flower. January - April. (Not available this year)
- Pulmonaria 'Julian's Findling'
(new cv name 2017) - Stunning blotched foliage & dusky pink flowers on upright stems. Late winter - spring. 9" - 12".
- Viola Exmoor Cream
(new cv name 2014) - Large creamy-white flowers over long season. 6". Late spring - autumn. Scented. Sun/part shade.
- Viola Elworthy Velvet
(new cv name 2014) - Velvety dark purple, scented flowers over long season. Spring to autumn. 6". Sun/part shade. Very floriferous.
